Te Ara Tuki Pai - Right Track

To whom it may concern

The Waitakere Police have been heavily involved in, and very supportive of, the Right Track programme.

Right Track is run very professionally by Helen and John Finch. I have been very impressed by their organisation skill, subject knowledge and passion to make a difference.

The reason I am so supportive of Right Track is that I have seen first hand the difference the programme has made in the attendees and the support people. I have also seen the programme affect the attendees family and friends. It truly is a transformational programme.

The statistics also support the success of the programme, with little or no traffic re-offending by attendees in the year following the programmer. this is remarkable.

I cannot say enough about the Right Track programme, I would like to see it become a foundation programme for road safety in New Zealand.

Yours sincerely
